

The prevalence of elderly individuals has increased vastly while a hunger for rejuvenation procedures has replaced the earlier taboo. This new demand creates enormous opportunities for many different professionals in a wide range of aesthetic procedures.

This two day course will summarize the current state of the art methods and trends in rejuvenation medicine using pearl based lectures in a string like manner. In 4 blocks, we will cover the most current information on cosmeceuticals (prevention & treatment), practice growth and management, minimally invasive procedures including lasers, PRP and collagen induction therapy, botox and fillers along with fat and hair transplantation and rejuvenation surgery. This is an opportunity for dermatologists, otolaryngologists, maxillofacial surgeons, plastic surgeons, nurse injectors and skin therapists to receive a thorough update in this intensive two day quality course. Join us to learn about rejuvenation medicine in the captivating city of Zagreb, Croatia!

AGING FACE AND NECK

MAY 10 - 11, 2019
ZAGREB - CROATIA

WELCOME TO ZAGREB

Zagreb is a beautiful, happy, cultural and artistic city. In 2017 it was chosen by The Lonely Planet as "The best destination in Europe".

The cosmopolitan buzz of Zagreb will strike you, although the old Upper Town has not lost an ounce of its medieval charm. Zagreb is special and everything is accessible on foot.

Zagreb also has a vibrant nightlife hosting many restaurants, clubs and bars.

The center of the city is closely connected to a new modern airport that was recently opened, making the city easily reachable from many other European cities. Around Zagreb you can find spa facilities, biking routes, parks, mountains, wine farms, and peaceful woodlands. The Croatian coastline is just 2 hours away and famous for its beaches, sailing and warm summers.

HOTEL DUBROVNIK

The course venue is in Hotel Dubrovnik, which is a 4 star hotel situated on the main square of the Zagreb center.

It serves a wide choice of room types and rates, but its 220 rooms each have an authentic atmosphere.

The hotel offers modern comfort and an enjoyable price-quality ratio.
